Games, Crowning of 4H King and Queen*

Jimmy James
furnish an interesting time for both young and old. Each year the fair attracts larger attendance, as the exhibits are really good.

Concessions will be operated by the Tinley Park American Legion, Homewood Acres Fire Dept., Sunny Crest Fire Dept., Millers Woods and Mokena Men's club.

The fair will open at 9 a.m. Friday when the judging also will begin and continue all day until finished. There will be a lunch stand on the ground. In the evening at 8 o'clock entertainment will be furnished by WLS artists, Dolph Hewitt, Jimmie James, and a girl accordionist.

Dolph Hewitt, former U. S. marine, was born in the hills of Pennsylvania, and came west and joined WLS where he has been since. He has a rich, true voice and sings "I Wish I Knew."

Jimmie James also has been with WLS many years and is well known to all WLS fans. He excels in pantomime and is a comedy on the show, using his banjo, guitar and trombone. The audience is kept in a hilarious mood at all times.

Saturday, the much looked forward to plowing match will take place at 10 a.m. At 1:30 there will be demonstration and game contests and more entertainment in the evening. Sunday will climax the fair.

The exhibits which include grain, vegetables, flowers, bouquets, potted plants, canned fruit and vegetables and pickles, beside the livestock and poultry have for its object first to dis-

have for its object first to display what is produced locally, thus to encourage people to eat more of home grown products. Second, to add color and attractiveness to the 4H fairs and, third, to encourage more people to display their products.

CARD PARTY

The Auxilliary to the William Martin Post VFW at Mokena, will sponsor a card party in their hall Saturday evening, August 2 starting at 8:30. Hostesses will be Maude Larson, chairman, Dorothy Beiringer, Adelaide Godard, Elsie Schaubel and Ida Milgendorf.

on Park, half side of beef; G Jackson, Chicago, girl's bicycle; Mr. Fassett, Mokena, boy's bicycle; Annabelle Williams, Mokena, home utility kit; V. Kuntz, Mokena, badminton set; George Maehnlein, Mokena, croquet set, Geo Marcoux, Mokena, fishing set; William Knippel, Frankfort,

A report will be made later when all bills are in, but now it can be said that they made the greatest net profit this year that

has been made for a number of years. The reason there were not more rides was that they take 70 percent of the profit of the

IN MEMORIAM

HUTSON, Mary Lou—In loving
memory of my daughter and our
sister who passed away seven
years ago August 23.

She dwells in God's beautiful
garden,
In sunshine of perfect peace,
Her life a beautiful memory.
Her absence a silent grief,
Mother, Dad and Brothers

IN MEMORIAM

HENTSCH, George—In loving
memory of our son and brother
who passed away August 23,
1946.

How we miss you can't be said,
In just a line or two;
Each day a thousand things
remind us of
The love shared with you.
Mother, Dad and Brothers

Pvt. Richard Kirk who spent
a 13 day furlough with his par-
ents, Mr. and Mrs. Richard Kirk,
Sr., returned last week to his
station at Ft. Bragg, N. Jersey.

Mr. and Mrs. Theodore Rydell,
192nd street left Monday for a
motor trip through the east. They
picked up their daughter Bonnie
Jean who has been vacationing
for three weeks with her uncle
and aunt, Mr. and Mrs. King
Beatty in the east. They will re-
turn Monday.

Mr. Brooks McElveen returned
Monday from a two weeks
vacation in Los Angeles, Calif.

Mr. and Mrs. Arnold Christen-
sen, Darlene and Dennis of Cul-
ver, Ind., attended the Mokena
homecoming Sunday. They are

former Mokena residents.

Comments From The Bench

By Ruth

The Frankfort Girls Softball team traveled to Midlothian Tuesday evening. After five innings of play and a tie score, the game was called on account of darkness.

Joan Kendall pitched for the host and Beverly Brown did the catching. For Frankfort, it was Arleen Flesher pitching and Irene Benck, receiving. Irene did a wonderful job of catching regular.

To fill in for our vacationing Frankfort scored one run in the first inning on two hits by Inez Reiter and Loraine Redman, while Midlothian scored two runs on a walk and two singles.

Esther Maske started off the second inning with a free pass followed by basehits for Jean Lentz, Arleen Flesher, a walk for Inez Reiter and a single for Irene Benck. Esther and Jean came home to give Frankfort two more tallies.

Midlothian's C. Barnett was safe at first on an overthrow in

the third and scored later on S. Raday's single to right field, to tie the score at 3 all.

Both teams came up with three runs in the fifth. Lois Steinbach and Loraine Redman drew walks, and Lois scored on LaVerle Mackey's basehit. Barbara Hauser and Jean Lentz both hit safely and Loraine and LaVerle crossed home plate to give Frankfort a total of six runs.

In their half of the fifth, the Midlothians tied the score on a couple of hits, an error and doubles for A. Ladvig and S. Raday.

With darkness setting in rapidly, the game was called and the score remains 6-6.

On Thursday evening, the girls traveled to Central School in Homewood for a game with the Homewood girls. The "Frankforters" were on the long end of a 32 to 5 score in a very one sided affair.

Arleen Flesher started pitching for Frankfort with Carole Peterson doing the receiving. In the second, however, Carole was hit on the left elbow by a bat and was forced to leave the game. Irene Benck took over the catching. In the third inning, Arleen went to left field in favor of Delores Krohn, who pitched the remainder of the game.

For Homewood, "Toots" Scheithing started pitching while Cal Vandergriend did the catching. "Jet" Norden came on to pitch in the fourth and then Louise Tos in the sixth.

In the scoring of the thirty two runs, all of Coach Reuben Borms' batters had several singles to their credit. Several other notables were Inez Reiter's and Irene Benck's beautiful safe bunts; doubles for Delores Krohn, Loraine Redman, LaVerle Mackey, Barbara Hauser, and Inez Reiter; and triples for Irene Benck and Jean Lentz.

Homewood scored three runs in the first inning on an error and three safe singles by L. Tosi, Walker and Scheithing. In the third, Norden was safe on an overthrow and scored on H. Tosi's basehit. In the fifth, H. Tosi singled and scored on passed balls to give the host a total of five runs.

Another worthwhile mentionable came about in the fifth inning. With runners on first and second, Homewood's H. Tosi hit a grounder toward third, Third baseman LaVerle Mackey scooped it up, tagged the runner coming into third and threw to Barbara Hauser at second for a neat, fast, and only double play of the game.

Tinley Park Small Fry Beat Frankfort In League Playoff

Tinley Park and Frankfort struggled through a pitcher's battle at Manhattan, Sunday, that went ten innings before Tinley finally won by a score of 2 to 1. Mager, pitching for Frankfort, struck out the entire Tinley team in order in the first three innings. In Frankfort's half of the first, Schram grounded to Miller, pitching for Tinley.

Schroeder reached first on an error, but died there when Mager fired to Siemsen in right field who speared his drive with a leaping one-handed catch that was the outstanding play of the game, and Peipenbrink struck out to end the inning.

Krusemark singled to open the second inning for Frankfort, and went to second because of an error on the play. Miller struck out Hart. Eisenbrandt slashed a two bagger past the second baseman, scoring Krusemark. Miller struck out Scofield and Heisner to end the inning.

In Frankfort's half of the 3rd inning Schram and Schroeder struck out. In Tinley's half of the fourth Siemsen struck out, Propp flied to the first baseman and Hug slammed one down the right field line for a home run to tie the score.

Meyer followed with a triple and Mager put out the fire by striking out Miller to end the inning.

In the last of the fourth Krusemark and Hart struck out, Eisenbrandt singled for his second hit, and Scofield struck out. Fifth inning, Tinley, Eggert and Hartman struck out and Hogue grounded to the pitcher. Frankfort, Christensen and Schram struck out. Schroeder singled and Mager flied to Farrell, the center fielder. Farrell struck out to open the sixth for Tinley. Siemsen was safe on Frankfort's only error. Propp struck out Hug bounced his second hit past the second baseman and Meyer struck out to end the inning. Mager and Miller continued their pitcher's duel through nine innings, the maximum allowed by little league rules. Mager collected 20 strikeouts and Miller 16. Mager gave up 3 hits and Miller 4.

Mager: No bases on balls, Miller, 2. Schram relieved for

Frankfort the tenth inning and Miller, Tinley's retiring pitcher greeted him with a triple. Eggert and Hartman struck out. Hogue then bounced a single over the pitcher's head, scoring Miller, but was forced at second on Farrells infield grounder to end the inning. Hug replaced Miller on the mound for Tinley in the tenth. Mager lined sharply to Hogue on first base, and Hug struck out Peipenbrink and Krusemark to end the game.

Beecher defeated Peotone in their playoff game, which was played after the T. P. Frankfort game.

Next Sunday afternoon, August 23, Tinley Park will play Beecher at Manhattan, to decide first and second place, and Frankfort will play Peotone for third and fourth place. Come out, you parents and Tinley baseball fans and see the excellent performances our boys are giving. For excitement and interest they can't beat, but they need your support.

Tips on Touring

By Carol Lane
Women's Travel Authority

Touring America on a "sea shell safari" is a delightful way to "dig up" vacation fun.

Any shell collector worth his seaweed knows that shells differ not only from Atlantic to Pacific, but along the same coast.

Collectors find the most specimens at low tide and full moon or after a storm.

The secret of collecting shells is to find those with two matching sides, whether separated or joined.

The best method is to dredge in shallow water with a sieve and "pan" for shells. You can also comb the beach picking up loose specimens.

As soon as you collect a specimen, make an on-the-spot identification as to its class and other pertinent data. A book on shells illustrated with colored plates, is an invaluable aid in classification.

Next, clean your shells promptly to avoid decomposition of animal parts. Start by boiling them to remove fleshy parts. Boil smooth, highly polished ones only two minutes, others as long as 20 minutes. Remove remaining fleshy parts by delicate pulling and twisting. Finally, do surface cleaning with a stiff brush or a weak solution of muriatic acid.

When you have collected enough specimens for mounting, use a small brush, dipped into egg white or light oil, to cover each shell and make it glossy. Then take a piece of cotton backing and arrange the shells artistically, along with different kinds of seaweed, coral, sea horses and star fish. Place all in a picture frame, covered with glass. The result will be a delightful and decorative vacation memento.

What will Social Security pay you at 65?

Social Security Act, the most you will receive—regardless of your income now—is \$80 per month at 65. Additional amounts may be received by your wife.

Social Security is, therefore, only the first step toward a comfortable old age retirement. I will be glad to figure for you the exact amount you will receive per month at 65 and show you how, under a State Farm savings and security program, you can add to that amount to bring your retirement income up to \$150 or \$200 a month at 65—or sooner, if you prefer! Call or come in any time.

3 NEW LENOX BOYS—

(Continued from front page)

Sidney where we spent the night in the American Legion hall. Saturday we headed west again across the valleys of Wyoming.

In the afternoon we were in the Snowy range of Wyoming. Alt. 10,000 feet, playing in the snow. After descending the mountains we stayed overnight at Rawlins, Wyo. in the city park. Sunday morning after everyone had attended their respective church services, we left Rawlins, for Salt Lake City Utah.

We arrived in Salt Lake City early Sunday afternoon and slept in the bandshell in Liberty Park Sunday and Monday nights. We were given an opportunity to go swimming and look over the city.

Monday they took us on a tour of the Kennecott copper mine at Bingham, Utah. The mine is situated along the sides and is so large the eight million population of Illinois could sit comfortably along the sides and have the 600,000 population of Utah feed them. The mine is 8-10 of a mile across and over 2000 feet deep. To reach the mine you have to go thru a 1-1/4 mile tunnel under a mountain and you come out on the inside of the mine.

Monday afternoon we visited Saltair amusement park and went swimming in Great Salt Lake. We also went on a tour of the Mormon Temple. Tuesday morning we left Salt Lake City headed for Bryce Canyon. We slept in the camping area at the canyon and had our meals in the lodge managed by the National Park Service.

Wednesday morning we got up early to see the sunrise over the canyon, which was a very beautiful sight. We left Bryce Canyon for Las Vegas, Nev. and passed thru Zion National canyon. We stopped in Las Vegas for two hours to see the huge gambling casinos, and continued on to Lake Meade where we slept on the beach.

Early Thursday morning we went to Boulder dam and took many pictures. We didn't get to go thru the dam tho. In the afternoon we went thru the Mojave desert and thru Cajon pass into California arriving at the Jamboree in the late afternoon.

Every patrol had to set up their kitchen, build a picnic table from a kit furnished, and arrange all their duffel that night. It was late evening before all the jobs were finished. The high lights of the jamboree were the grand opening in the arena with 50,000 Scouts. We heard an address by Dr. Arthur A. Schuck, the Chief Scout executive, followed by a huge pageant with 50,000 Scouts entitled "Cavalade of Scouting."

The second night at the arena was Sunday, the convocation, where each Scout was given a candle and on a signal all were lighted. 50,000 candles glowing, that hill, lit up like daylight. It was awe-inspiring. Following that ceremony we heard an address by the vice-president of the U. S., Richard E. Nixon, and a tape recorded message by Pres Eisenhower.

Tuesday it was Hollywood Revue night, MC'd by Bob Hope. They had about 20 top name Hollywood stars there including Jeff Chandler, Mitzi Gaynor, Debbie Reynolds and Danny Kaye. The Jamboree was officially closed Thursday night, July 23 with another colossal pageant entitled "Scouting in the Future", which also had a cast of thousands. The pageants were of a scale with the "Wheels a Rolling" pageants presented at the Railroad fair in 1949 and 1950 in Chicago. Some of the side-lights of the Jamboree were talking with the Scouts from the 26 foreign countries, and going swimming in the Pacific. They took 8,000 boys at a time to Huntington Beach in buses which was about 6 miles from the Jamboree site at Santa Ana.

One afternoon Jerry Colona and Dorothy LeMour put on a show in one of the smaller arenas for about 10,000 of the Scouts. They had a rifle range, and archery range for the Scouts. The Los Angeles Bus company had buses running throughout the grounds transporting visitors and Scouts on sight-seeing tours. Visitors equaled the Scouts on one day. It was estimated there were 50,000 visitors on the Jamboree grounds along with the 50,000 Scouts. More than 12 miles of water mains were laid for this huge city and we had our own fire department and police department.

The Jamboree was held on 3,000 acres of the Irvine ranch which is owned by a single family. The ranch was originally a land grant from the U. S. Government and is located 45 miles southeast of Los Angeles and 6 miles out of Santa Ana.

The telephone and light companies of Southern California had telephone booths throughout the grounds and there were electric lines running throughout the grounds, also. The National Bank of Santa Ana had a branch office set up there for the Scouts also.

All the large newspapers in the U. S. had staff reporters in the press tent together with the Associated Press, and United Press.

There were six trading posts scattered throughout the Jamboree where Scouts could get light refreshments, uniforms and clothing, films, and hundreds of kinds of souvenirs. Next to each trading post was a post office tent and a "Swap" tent where all the Scouts met each day swapping everything from soil from Harry Truman's farm to porcupine eggs, rattle snake

skins, Lake Michigan water, horned toads, neckerchiefs and hundreds of kinds of badges and patches. Swapping was one of the feature attractions of the Jamboree itself.

While at the Jamboree all the Scouts cooked their own food. Each troop was divided into 4 patrols of eight boys each along with three other junior leaders, a scribe, quartermaster and senior patrol leader. Also there were three adult leaders, one scoutmaster and two assistants making a total of 38 in each patrol. Cooking was done on a patrol basis with the boys rotating the different tasks of the day for the 7 days while at the Jamboree. The jobs were 2 cooks, 2 kitchen cleaner-uppers, 1 fireman, and 2 water boys, the eighth man being the patrol leader with no specific job, just to help out where needed. Food was distributed from 36 different commissaries to the troops just before meals. Menus were planned so it took a minimum of time to prepare the meals. All cooking was done on charcoal stoves.

Rainbow Council had two troops at the Jamboree, Troop 26 and 27, in Section 26. Each troop had a bus and carried all their sleeping equipment, and clothing etc. in the baggage compartments underneath the buses.

We left the Jamboree on the return trip at 12:30 a. m. Friday, July 24, in order to escape the desert heat while crossing the night. We spent Friday night at the Kingman Arizona high school baseball field. Saturday we went from Kingman, Ariz. to Grand Canyon, Ariz. We arrived there in the early afternoon and went on a two hour ride along the South rim stopping to take pictures. We camped out there overnight in a special camping area reserved for the thousands of Scouts that had been stopping there on their way to the Jamboree and back. Sunday after everyone had attended their respective church services we left headed for Silver City, New Mexico. At Silver City the entire contingent of 80 were feteed at a barbeque dinner in the Gila National Forest located a few miles outside of Silver City.

It was sponsored by the local Explorer Post and some people who used to live in Joliet. After the dinner we were given a lecture by the local forest ranger and we slept in the camping area Monday we headed for El Paso, Tex., and arrived there early Monday afternoon, allowing a full afternoon for us to go into Juarez, Mexico. Most of the souvenirs were bought in Mexico where they are very cheap. We camped at the Fort Bliss Polo Field. Tuesday we went on to Carlsbad Caverns, New Mexico and took a 4 1/2 mile trip underground thru the caverns. It took 4 1/2 hours to go thru the caverns including a stop for lunch 273 feet underground.

After leaving Carlsbad on Tuesday we returned home thru Mineral Wells, Tex., and camped at the Oklahoma State Fair grounds in Muskogee, Okla. and spent the last night in Rolla, Missouri.

We arrived home Saturday, August 1 at the Central school grounds in Joliet, after being gone 26 days and having covered 5200 miles.

Under The Cross Of Malta

A good attendance of members were present at the last Post meeting, Thursday evening, August 13. Post activities coming up in the near future were discussed. Among the most important will be the annual fall festival dinner September 27. The Ladies Auxiliary will have charge of serving another of their fine dinners. Serving will commence at noon and continue throughout the afternoon. This event is for the benefit of our building fund.

Band director Adam Schneider informs us that the Drum and Bugle corps will take part in a parade at Creste this coming Sunday afternoon. Then on Sunday afternoon September 14, they will go to Peotone for a homecoming and carnival sponsored by the American Legion Post there.

Wm. Martin Post inaugurated their first Fish Fry last Friday evening and it was a success despite some minor casualties as a result of some hot flying grease. Commander Hurley was a little short of KPs but in the end everything was O. K. There will be another fish fry this coming Friday night, August 21. Serving will start at 6 p. m., and we hope to give prompt and fast service. The public is invited.

The next regular meeting of Wm. Martin Post will be Thursday night, August 27.—Glenn C. Peterson, Publicity officer.

Prayer Life

Lesson for August 23, 1953

CAN it be true that some Christians have no prayer life? It is true that some church members have none; but what about Christians? Well, can an airplane be without an engine of any kind, or without any motive power? Can a deep-water diver keep on at his work if his lifeline to the top is broken in two? Of course not.

An airplane that cannot move may look like a plane, but it is no more use than so much junk. A diver whose lifeline has been broken will be brought to the surface a drowned man. His friends may look at the corpse and say, "How natural Kelly looks!" but it isn't Kelly any more. An airplane with no motive power is a dead plane; a diver with no lifeline is a dead diver. And a Christian without prayer is a dead Christian. For prayer is the motive power, prayer is the lifeline, of the Christian.

Prayer Habits

It is not true that prayer means less when it is a habit. On the contrary, a Christian is much more likely to pray when he has made a habit of it. All Christians, and many who are not Christians, are aware of the great importance of prayer. Most Christians, if interviewed, would say something like "I know I ought to pray more than I do." We do not need to be convinced that praying is important. What most of us need is help on how to pray.

We pray only when we are in the mood, and the praying mood dries up on us, so to speak. This is where habit helps us. Breathing is essential to life, and if it were not a habit we would often forget to breathe. Prayer can never be as automatic as that, but it can be so much a habit that we never need to be reminded of it. The first thing to do, if you want to develop your prayer life, is to set aside a definite time every day for it. Make it a "must," not something you do "if you have time for it. When prayer is something done only "if there is time," then there never is time, and there seldom is prayer.

In Season, Out of Season

The mature Christian will pray at regular times; but he also cultivates the habit of praying at irregular times. Do you have a regular time for looking at your watch? Perhaps so; you look at it when you wake up in the morning, you look at it at breakfast time, and so on. But no one who wears a watch looks at it only at regular hours as if it were a medicine. You look at it off and on all through the day, for any number of reasons. So the Christian acquires the habit of looking to God off and on all through the day, also for a number of reasons. When a happy thing happens, the Christian breathes a prayer of thankfulness. It does not have to be long to be real. When something seems too much to stand, the Christian just asks God, then and there, to help him. When he hears about some one in trouble, he does not content himself with saying "Too bad." If there is anything he can do about it, he will do it. But the Christian does not stop there. In the very midst of helping another, he will offer a prayer to God for him. This is most important perhaps when the other person is clear out of reach, when nothing we ourselves can say or do will help him at all.

Praying Like A Christian

A person might pray every day and often and yet not pray like a Christian. For a Christian's prayers are not the "gimme" kind. It is not that we should never pray for ourselves. A study of the Lord's Prayer will show that some of the petitions are for ourselves. But for what? For purity of life, for forgiveness, for daily bread—that is, for necessities, not for luxuries. It is a good thing once in a while to ask one's self: How many other persons could join me in this prayer? Am I praying for something that is going to make trouble for other people? Am I praying for something which if I get it will have to be taken away from others who need it just as much as I do? Unselfish praying and unselfish living go together. Christ lived and died "for their sakes" as he said. Prayer in his name is prayer in his spirit.

SCIENCE and your Health

EXPERIMENTAL FARM by Science Features

Things aren't the same down on the farm any more. Old MacDonald probably wouldn't recognize the place. Science, which in the past few years has affected all of our lives, is changing things in the barnyard, too.

For example, hogs now get feed as scientifically compounded as a baby's formula, and chickens, instead of pecking in the yard, are confined to the poultry house with their dinner on a trough before them. The result of all of this is more meat for all of us.

One of the most important discoveries of scientific agriculture was that antibiotics like penicillin and terramycin, added in very small quantities to the feed, can stimulate the growth of farm animals, bringing them to market quicker, at lower feed cost. Today antibiotics are added to animal feeds on a carefully planned basis.

Antibiotics also are used in the treatment of many animal diseases—and even in the treatment of some plant diseases. To further research in these and other agricultural fields, one big pharmaceutical firm, Chas. Pfizer & Co., Inc., recently opened its own experimental farm near Terre Haute, Ind.

A unique feature of this 700-acre farm is that it combines, for the first time on a large scale, facilities for research in both animal nutrition and veterinary medicine. This makes it possible for scientists in both fields to coordinate their efforts to bring to the farmer the benefits of modern science.

Francis hospital in Blue Island, August 10.

Charles Bailey, son of Mr. and Mrs. C. Bailey of 17042 New England ave. underwent surgery in the Evanston hospital, six weeks ago. He is recuperating at home now but is still in a cast, and will remain in it for at least two more months, which will make it impossible for him to enter high school in the fall, with the rest of his class. Charles was a popular member of the June graduating class of the Tinley Park school. He would enjoy hearing from a lot of his friends.

Mr. and Mrs. James Nellis and children returned recently from a week's vacation at Lac du Flambeau, Wis.

Mr. and Mrs. Kenneth Niemann have returned to their home in Philadelphia, after spending two weeks here recently with his parents, Mr. and Mrs. Charles Niemann.

Eighteen members of the Schmudde family of Chicago, were Saturday night dinner guests of Mr. and Mrs. Kenneth Schmudde.

Mr. and Mrs. John Heider and children returned Saturday from a two weeks vacation at Sister Lake, Mich., where they enjoyed fishing, swimming and boating. Mr. and Mrs. William Steeves and children, of Chicago, formerly of Tinley Park, accompanied them.

Mr. and Mrs. William Trueheart entertained twenty-seven relatives and friends Saturday, at a ham dinner, on the lawn of their home, in celebration of their wedding anniversary. Guests came from Chicago, Elmwood Park and Tinley Park.

Mr. and Mrs. Victor Propp and family returned home from a visit with his sisters and niece in McCook, Neb.

Mrs. Earl Cavenaugh attended a luncheon and reunion of old friends in Chicago Wed.

Mr. and Mrs. Harold Peterson and family spent 10 days in Grandon, Wis., with relatives.

Mr. and Mrs. John Rensink are happy to announce the birth of a son, James Stephen, on August 12, in St. James hospital Chicago Heights. He weighed 7 pounds, 13 ounces. Mother and baby returned home Sunday.

Mr. and Mrs. E. A. Moss and Mr. and Mrs. Herbert Moss, attended the State Fair at Springfield, Saturday, and returned home Sunday.

Mr. and Mrs. Wilbur Mancke entertained Mr. and Mrs. Fred Krey and family of Enid, Okla., at dinner Sunday.

Mr. and Mrs. Herbert Keuch celebrated the birthdays of their son Bobby, who was a year old, and Mary who was 12 in July, with a dinner which was served to 40 guests on the lawn of their home, Sunday. A wienie roast was held in the evening. Out of

town guests were from Chicago and Monee.

Mr. and Mrs. Sim Walker of Lake Placid, Fla., spent last week with their niece, Mrs. Jefferson Pennington and family.

James Pennington is spending three weeks in Chicago, with relatives.

Knute Lovegreen and son John attended the All-Star football game at Soldier field, Saturday.

Dewdrop Camp 2023, Royal Neighbors of America, will hold their combined business and social meeting in the Tinley Park school August 25, at 7:30 p. m.

Mr. and Mrs. A. D. Ropes and daughter Marilyn, left Wednesday for Niagara Falls. They returned home Friday night, and left again Monday for Colorado where they plan to tour Denver, Estes Park and Salt Lake City.

Rev. Carl Hoeh pastor of the Trinity Lutheran church, and family left this week for a two weeks vacation. They will spend some time in Wisconsin, fishing and sightseeing.

Mr. and Mrs. Charles Powers and son returned Saturday, from a two week vacation at Pike Lake, Wisconsin.

Mrs. William Henke, mother of Mrs. Morris Miller, and Mr. and Mrs. Harry Costello and son Pat, of Chicago, were dinner guests of Mr. and Mrs. Miller, Sunday, following the Tinley Park-Frankfort Small Fry baseball game, at Manhattan. Mr. Henke and the Costellos enjoyed seeing Jerry Miller pitch his team to victory.

Fall Campaign For TV Channel 11 to Start September 19

Inside Fall campaign 1-14 dry Individual fund campaigns in most of the communities in Chicago and suburbs within a 60-mile radius of the city for the establishment of a non-commercial, educational television station for a period of two years has been renewed with great

vigor following the announcement last week that September 19 had been set as the starting date of the Fall campaign. To date, more than \$445,000 has been contributed in the public fund campaign, which began in May. This \$445,000 added to \$150,000 pledged by the Ford Foundation and \$150,000 in studio facilities promised by the Chicago Board of Education, totals approximately \$745,000 now on hand. About \$1,100,000 is the estimated cost of establishing

the station on Channel 11 and maintaining it for two years. Volunteers wishing to assist in the fund campaign for Channel 11 are asked to contact the offices of the Chicago Educational Television Association in the First National Bank Building, 38 South Dearborn Street, Chicago 3, Illinois, either in person, by mail or by phoning FInancial 6-5230. Contributions to the Channel 11 fund campaign may be given to the local community chairman or mailed directly to Channel 11 Headquarters, Box 1100, Chicago 90, Ill.

cuss Maue PTA programs and publicity for the coming year at the home of Mrs. Chester Williams, president, Thursday evening. Those present were Mrs. Charles Albert, program chairman. After the business of the evening, all relaxed over an ice cold serving of watermelon.

Mr. and Mrs. Garrett Cummins entertained relatives and neighbors with a peach festival in their home Saturday evening. The evening was spent eating tree-ripened peaches while gabbing and playing Canasta. Lastly, a dessert of fresh peach cobbler was served.

There was a family gathering at the home of Mr. and Mrs. Garrett Cummins, Sunday in honor of his birthday, of August 11. He received many nice gifts. He was particularly excited over the beautiful two year old sable collier, Laddie, given him by his daughter, Mr. and Mrs. Dean Taylor. Mr. and Mrs. Leo Smeally of Gary were surprise visitors.

Mr. and Mrs. Wally DeWitt and daughter, Linda, of Chicago were Sunday guests of Mr. and Mrs. Roy Walker who are staying with their parents, Mr. and Mrs. Garrett Cummins, while their home which is going up rapidly, is under construction.

Now... a NEW JOHN DEERE 18½-inch Elevator

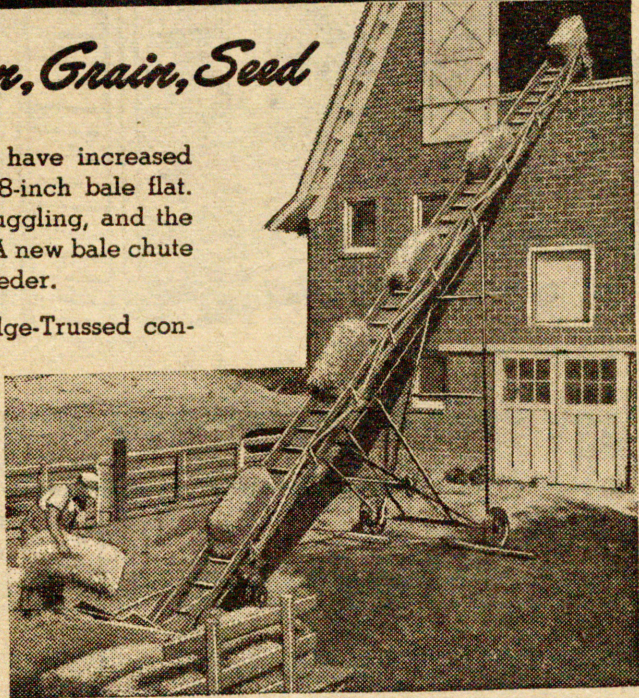

For Baled Hay, Corn, Grain, Seed

With this new, wider elevator you have increased capacity to elevate a standard 16 x 18-inch bale flat. The new width means no more bale juggling, and the bales will not slip backward or fall off. A new bale chute eliminates heavy lifting for the bale feeder.

Famous time-tested John Deere Bridge-Trussed construction gives this elevator greater strength and rigidity which eliminate twisting, bending, and sag.

The elevator is raised and lowered for transporting and setting with a convenient hand crank.

Come in and see this new 18-1/2-inch, big-capacity elevator that's built to speed up storing of baled hay, corn, small grain, and seed crops. You'll like it.

QUESTION:

can I buy an **Oliver Diesel** in any size I want?

ANSWER:

INDEED YOU CAN. Oliver—and Only Oliver—Makes All Its Models With Diesel Power. They are: the 2-plow "66", the 2-3 plow "77", the 3-4 plow "88", and the 4-5 plow "99".

Any one of them offers you so many advantages as to make it the most up-to-date tractor you can buy. For example:

LOW FUEL COST. You can run an Oliver Diesel 3 days for the cost of running one day with a spark ignition tractor.

LOW UPKEEP. An Oliver Diesel costs less to maintain than any gasoline tractor. Withstands longer lay-ups, too.

SIMPLICITY. The Oliver is the simplest farm diesel made.

Be **UP-TO-DATE** with **OLIVER DIESELS!**
